Calaveras Child Care Council

The council's mission is to support the development of affordable, accessible, quality child care, which promotes the success of all children, their families, and the economy of our communities.

The Importance of Early Child Care Programs and Education

Children who take part in early childhood programs and activities have improved social skills, do better in school and learn essential life skills that stay with them forever which in turn promotes healthy, successful children and youth.

Monthly Council Meetings

Council meetings are held monthly and during the meeting local child care issues and state and federal child care bills are discussed amongst council members and public. All meetings are available to the public.
