# Calaveras Child Care Council

**Ensuring linkages to meet the child care needs of Calaveras County**

---

August 17, 2021

To: Interested Parties

The Calaveras Child Care Council is a public council that provides a public forum and advocates for the local child care needs in our community. The Council is looking to fill vacant positions and we strive to have a variety of perspectives, from which knowledge can be shared. Child care is important to: parents, employers, employees, community planners and developers, our local economy, training institutions, persons concerned with education and public health, community leaders, etc. Please consider our request for membership. If you are not able to participate and know someone who might be interested, please share this announcement.

Calaveras Child Care Council meetings are open and welcome public participation. We value input from the community. To learn more about the CCCC, membership categories, and to find the membership application, please visit our website: [www.calaveraschildcare.org](http://www.calaveraschildcare.org) or contact Sheri Noble at 209-754-1075.

Sincerely,

Sheri Noble  
Local Planning Council, Child Care Coordinator
